 AES Solar) ORDER TERMINATING
 Imperial Valley Solar LLC.) Commission Decision and License
) for the Imperial Valley Solar Project
)

The Imperial Valley Solar Project (originally called the Sterling Energy Systems Two Project), was certified by the Commission on September 29, 2010. The project as licensed is a 709 megawatt concentrated solar power facility located 100 miles east of San Diego, 14 miles west of El Centro, and 4 miles east of Ocotillo Wells.

On June 30, 2011, AES Solar submitted a letter to the Commission indicating that AES has no intention to construct the project as licensed by the Commission. AES will be changing the technology from solar thermal to photovoltaic, and AES acknowledges that the project is no longer under the jurisdiction of the Commission. AES Solar requests that the Commission Decision and license for this project be terminated.

CONCLUSION AND ORDER

There being no objection and good cause having been shown, the California Energy Commission hereby grants the request by AES Solar to terminate the Commission Decision and license effective June 30, 2011.

IT IS SO ORDERED.CERTIFICATION

The undersigned Secretary to the Commission does hereby certify that the foregoing is a full, true and correct copy of a Resolution duly and regularly adopted at a meeting of the California Energy Commission held on August 10, 2011.
